EMPLOYMENT FUND DRIVE TO BEGIN MONDAY

$4500 Monthly For Six Months Sought From Citizens

Captains to conduct the drive for funds and work relief throughout the territory served by the local unemployment committee were named at the regular meeting of the committee Wednesday afternoon. The drive will start next Monday and those named as captains are George Erskine, Councilman Robert Jones, Roscoe F. Stephens, E. J. Machabee, Julius Smith, Z. T. Thorning, Councilman Charles G. Lambert, P. E. Brand and Elmore Hinman.

A complete report of the plan was given by Carl Stoner, chairman of the work and relief committee, under which such sub-committee the drive will be carried on.

Saturday, local Boy Scouts will distribute to every citizen a letter from the unemployment relief committee outlining the need for such a drive. The letter states that under the re-registering process there are 225 registered as unemployed and that conditions indicate that the figure will reach over 300 in a short time.

Seek 1 Per Cent of Income

It is proposed to raise from those people who have a steady income $4500 monthly for a period of six months. The committee is desirous of spreading this burden over as many wage earners in the city as possible, and requests citizens who have an income to pay at least 1 per cent of it for relief work.

Every home in the district will be contacted and the response noted on cards. No money will be paid to the solicitors but is to be paid monthly to B. E. Myers, treasurer of the city of Redwood City.

Citizens may, in lieu of cash donations, contribute so many working hours per week for the unemployed. At the time each week designated by the contributor the committee will have an unemployed man report to work out the hours.

Work Under City Control

The money raised by the subscriptions will be used to employe deserving men who are bona fide residents of this area and work will be done under the direction of the city manager. Men will be compensated at $3 per day for eight hours. Common labor will be furnished to those who pledge to hire for a certain number of hours each week at the rate of 50 cents per hour for less than full days. Skilled labor will be supplied at the precailing San Mateo county wage scale.

Each registered unemployed person's condition is thoroughly investigated by Mrs. Viola Poole's committee. Part of the funds collected will be available to this committee to provide food immediately for needy cases.

It is hoped by the general committee that the citizens of this area will respond as they have in the past to emergencies, and that the goal can be reached within the first few days of next week. Anyone who wishes to procure unemployment help can phone Redwood 1559.

Members of the general committee are Carl E. Wagner, chairman; Charles G. Lambert, Mrs. Viola Poole, Miss Cora Clute, William O. Tyson, John Gill, William W. Hendricks, Zepho T. Thorning, Harvey E. Conner, Daniel R. Stafford, Sam H. Winklebleck, William B. Langston, Donald L. Bogie, Gerald Johnson and Carl Stoner.

AUTOIST WANTS SIGNALS PUT UP TO WARN OF FOG

Like the skipper of the Akron, Arthur J. Oliver, 754 Thirtieth avenue, San Francisco, wants to know what the fog conditions are before he starts off on a trip. Oliver, however, only drives an automobile. When he leaves his home in San Francisco and drives south, he wants to know if his whole day is to be ruined by fog or if beyond the hills it has lifted.

In order to forewarn him of conditions, Oliver has written to Capt. James B. Logan of the San Mateo County Traffic Bureau to ask if it would be possible to install flash signals which would warn: "Fog Ahead." These could be located at convenient points and would keep motorists out of dangerous fogs by forcing them back or detouring them onto side roads.

Logan has forwarded the letter to the state bureau for a reply.

Population of Russia is estimated at 147,013,609.

Admits Playing Mystery Role

Mrs. Janet Kent, above, admitted being the mysterious "Minnie Peyser" to whom $3120 was paid from the savings account of Mrs. Katie Weber. Relatives of Mrs. Weber have charged Frank J. Egan, former San Francisco public defender, with looting her estate of $8000, and claimed that the "Minnie Peyser" angle was a part of the deal. The check which "Miss Peyser" used to draw money from the Weber bank account, and a sample of Mrs. Kent's handwriting, through which her identity was traced, are depicted above.

COUNCIL FINDS FEW ITEMS LEFT TO CUT

Turning the spotlight of close scrutiny on the preliminary budget of City Manager Ernest A. Rolison submitted two weeks ago, the council Wednesday night sought additional pennies which it might slash from the tax rate.

A tentative rate of $1.15 was set in Rolison's budget, which is 15 cents under last year's tax. After a discussion which ran well into the night, the council found that "rock bottom" had been reached in many departments, but went away with the hope of finding at least a few more cents to cut from the rate.

This city's governmental costs were found below average in a set of figures presented by Rolison, which show the rate here of $1.30 last year to have been 18 cents below the average of 40 cities of like size over the state.

Answering statements made in a public meeting June 8 that Redwood City governmental costs were higher than some cities of comparable size, Rolison showed that Redwood City per capita cost of government was $12.05 as compared to $16.10 for Ventura, one of the cities cited. San Mateo per capita cost is $13; South San Francisco, $14.45, and Piedmont, $25.

Monterey, another "low cost" city cited, actually raised within $3000 of Redwood City's governmental costs last year, the figure being: Redwood City, $112,000; Monterey, $109,000. Redwood City's rate was $1.30, compared to $1.70 for Monterey, the difference being necessary because this city's values were listed as $13,562,588 compared to $8,407,232 for the coast town.

Because of the criticism from one source that this city's assessed values were too high, Rolison said if the council deemed it advisable to reduce the values instead of the tax rate as proposed, the same results could be accomplished by a reduction of $1,812,600 of the assessment roll. This would mean retention of the old rate of $1.30, however, as both the rates and values could not be reduced if enough money to operate the city government is to be had.

Councilman Henry Beeger expressed himself against the pro-

COURT REJECTS DOCTOR'S CLAIMS

Claims totaling $9595 which Dr. Howard M. Engle of San Francisco had made against Mrs. Viola K. Dunne, Hillsborough and Hollister matron, for medical attention given during her last days, were rejected by Superior Judge George H. Buck Tuesday.

He allowed but $3710 of a $13,305 claim which the doctor filed. Calls at her home in Hillsborough, many of which were for all-night attention, were charged for at the rate of $250 nightly. Claims ranged from that figure per call to $2.50.

Engle is one of the two executors of Mrs. Dunne's estate. The other executor is Frank J. Campbell, who approved the claim in its entirety.

For services rendered between July 2, 1929, and April 22, 1930, the doctor presented claims totaling $4395, all of which were rejected. Many of the $250 items were cut to $50 by Judge Buck.

MAN 65 YRS. IN MASONIC LODGE IS FELICITATED

Felicitations on the 65th anniversary of his joining the Masonic order were extended Tuesday by the Grand Lodge of Masons of Wisconsin, in annual session, to Robert H. Kinzie, 92, of 122 Fulton street, Redwood City, in a telegram received from William F. Weiler, grand secretary.

Kinzie, grandfather of Mrs. Guy Kennedy of this city, has been a past worshipful master of his home-town lodge for 61 years. He came out here from Wisconsin five years ago to live with the Kennedys, and is in good health.

He likes a good brisk game of bridge and looks at life more like a man of 60 than a man of 92.

CAMPAIGN BEGINS TO ABOLISH USURY

SACRAMENTO, June 15 — The division of corporations has found it necessary to divide California into districts in order to halt usurious practices by unlicensed personal property brokers. This announcement was made today by Edwin M. Daugherty, commissioner of corporations. He added that field men are already working in various districts under instructions to ferret out, if necessary, all unlicensed brokers.

The supreme court recently upheld the authority of the commissioner to supervise the business of personal property brokers and declared it mandatory upon persons or companies engaged in making loans of the type covered by the act to obtain licenses from the state.

A specific effort will be made to halt usury and excess charges. Misleading advertising, deceptive contracts and unfair practices are also receiving attention. Failure on the part of unlicensed brokers to comply with the law or of licensed brokers to decline to conform to the law will be met with a demand on local authorities for immediate action.

The division will not await the action of the local authorities in dealing with unruly licensed brokers, but will immediately summon them to appear for hearing to show cause why their licenses should not be forthwith revoked. Information furnished the division indicates that in some instances vicious contracts are in existence. One outstanding case is that of an unlicensed broker whose principal business is to loan money on warrants and where the division is advised that the rate of discount is approximately 318 per cent per year.

COMMITTEE IS APPOINTED TO AID TAX CUT

Property Owners Of City Will Perfect Organization

Appointment of a local committee to perfect organization plans for the newly created property owners' division of the Redwood City District Real Estate Board has been made by Jerry Hallinan, president of the division.

Those named are Lester Prior, C. M. Doxsee, K. A. Winter, Carl Wagner, John W. Morey, Carl Beeger, Thomas Tuite, H. B. Cook and Floyd Baird.

The committee will submit to the next meeting of the property owners' division a program for operation and by laws to govern the organization. This meeting is due at the firehouse auditorium Wednesday evening, June 22, at 8 o'clock.

Owners of real property in Redwood City, undoubtedly the largest single economic group in the city, whose objective is the equitable distribution of the city's tax burden, met June 8 in the firehouse auditorium. The meeting was called by Emmett Donnelly, president of the local real estate board.

Hallinan is local manager of the California Pacific Title and Trust Company. Prentiss Andrew is secretary of the division. The central objectives of the new board will be:

1. To study the local tax situation and formulate a program for a more equitable distribution of the costs of government.

2. To secure and maintain a uniform, methodical and equitable system of valuation of real estate for tax purposes.

3. To make available to home owners and to owners of commercial or other real estate, information on real estate collected by the Redwood City District Real Estate Board. The information service is expected to include for example, detailed and accurate information as to rental conditions and as to amount of supply of real estate in the city for various types of structures, and warning of changes in laws affecting the holder of real estate and of judicial decisions bearing on real estate.

4. To join in the present growing state movement for modernization of the state tax system so as to remove inequalities.

Hallinan stated today that the real estate investment of the country, while it represents only 55 per cent of the wealth, is now bearing on an average of 80 per cent of the tax burden.

MERCHANTS TO BE ASKED TO PLEDGE HOME TRADE HELP

Under a plan of the retail council of the chamber of commerce, business and professional people of Redwood City are to be asked to pledge allegiance to the principle of patronizing local stores and offices.

W. D. Ryan and Clarence Choate, sub-committee for the retail council, will ask local merchants to sign the pledge, and a record of signers will be kept. One of the objects of the movement is to get merchants themselves to trade at home.

Recently the Redwood City Promotion Association brought up the question of home trade, and its action is credited with helping to bring about the retail council's present plan.

A resolution which will be left with all who sign the pledge, says in part, that merchants "cannot logically ask people generally to conform to the principle of trading at home, unless we adhere to that policy ourselves."

Senator Shortridge Honorary Policeman

Senator Samuel M. Shortridge has been made an honorary member of the Policemen's Association of the metropolitan police department at Washington at ceremonies on the capitol steps because of his activities in behalf of police legislation.

Mr. Shortridge will be in California in a short time to begin an active campaign for re-election. He is to visit every section of the state.

His friends predict his re-election by a substantial vote.

OFFICER KILLS ASSAILANT IN SELF DEFENSE

Policeman Also Shot In Street Battle In Redwood City

While Police Officer Harold Fitzgerald of Redwood City hung onto life by a thread in St. Mary's Hospital, San Francisco, yesterday, Eric V. E. Strandquist, 38, plastering contractor and former sea captain, lay dead in a Redwood City morgue. Both were victims of an exchange of bullets just before 10 o'clock last night.

Fitzgerald was operated on at 1 o'clock a. m. yesterday for the removal of his right kidney, which was pierced by one of Strandquist's bullets. He also has a wound in the abdomen, and another in one arm.

Has Blood Transfusion

Drs. Mason and Monteith of Redwood City, who, with Drs. Rhodes and Butler of San Francisco performed the emergency operation yesterday in St. Mary's, reported Fitzgerald's condition critical, but better than was expected and there was a chance that the officer would pull through.

Police Officer Ellison of the San Francisco force, one of 12 San Francisco officers who stood by for transfusions, furnished the blood which gave Fitzgerald the chance to live. Only one transfusion was found necessary during the operation.

On Eve of Vacation

Fate laid a heavy hand on Fitzgerald Wednesday.

It was his 36th birthday.

He was to have started his vacation after last night's shift.

Strandquist, who shot him, was his neighbor, living just across the street.

Apparently crazed by liquor, Strandquist came home Wednesday and started to assault his housekeeper, Mrs. Emma Gilbert, 30, who has been at his home since Mrs. Nancy Strandquist, the dead man's wife, was committed to the Agnew State Hospital on December 28, 1931.

Father Beat Child

Strandquist's little boy, George, 8, also came in for blows from his father. The boy's face showed black and blue marks and welts. Florence Kreiss, superintendent of the juvenile detention home, had the lad in her care today.

The boy slipped out of the house and ran to the home of Hugh S. McCord, 253 Iris street, saying his father was trying to kill the housekeeper. McCord summoned police, and Officers James Snider and Fitzgerald responded to the Strandquist house. They saw through the window that Strandquist was beating the woman and entered.

Immediately Strandquist turned on them, asking what right the officers had to enter his home without a warrant. The officers calmed him, and then said they would leave the house. Fitzgerald agreed to remain behind while Snider sought out Judge Edward McAuliffe, from whom he was to obtain a warrant. Snider called at the council chambers for Judge McAuliffe, who had just left.

In a few seconds came a call for Chief C. L. Collins, who also was at the council chambers. The message was: "Fitzgerald's been shot."

Collins, Snider, Police Sergt. Stanley Wood, and Officers W. H. Thorpe and S. E. Douglass rushed to the scene.

Shot From Rear

They found that while Fitzgerald was outside the house talking to Mrs. Gilbert, Strandquist had sneaked down the steps and, before the officer was aware of his presence, had fired into his right side from the rear, using a .32 caliber "suicide" pistol. Four shots in all were fired at Fitzgerald before he was able to get his gun into action.

Dropping to his knees with a terrific pain in the back, Fitzgerald returned the fire, striking Strandquist twice in the chest. Six bullets streamed from the police pistol as Strandquist fired two more shots before staggering back towards the steps.

While Fitzgerald crawled across the lawns of several neighboring houses till he came to the McCord place, Strandquist staggered back into the front room of his house. Locking the door, he picked out a large chair and sat down to await death.

Aid Arrives

In the meantime, Chief Collins, Police Sergt. Stanley Wood, Officer Snider, and Officers W. H. Thorpe and S. E. Douglass had arrived at the scene. They saw that Fitzgerald was given immediate attention, and then went to the house to take Strandquist into custody. Up to that moment, it

FREEHOLDERS PROPOSE APPOINTIVE OFFICES

Adhering to the principle of a chief executive type of county government to be provided for in the charter now being drafted by the board of freeholders, that body went on record Wednesday night in the county courthouse at Redwood City, favoring the appointment of a number of the department office heads by the chief administrative officer which are now being elected by the people of the county at large.

The officers which would be appointed by the chief administrative officer with the approval of the board of supervisors, as decided by the freeholders last evening, are the county clerk, recorder, tax collector, treasurer and surveyor and engineer.

In addition, the offices of purchasing agent, county librarian, horticultural commissioner and fire warden, which offices are now appointive by the board of supervisors, would be appointive by the chief administrative officer.

Under the plan as tentatively agreed upon by the board of freeholders last night, the officers which would be elective under the new charter are sheriff, district attorney, assessor, auditor and superior judges.

No action was taken by the freeholders in reference to the justices of peace, constables, board of education, superintendent of schools, health and welfare department, or of the sealer of weights and measures, as these matters were deferred for consideration at a future meeting.

The board of freeholders at a meeting several weeks ago tentatively agreed upon the chief administrative type of government in which the county executive officer would be appointed from a list of five candidates which would be submitted to them by a qualification board consisting of the two superior judges, county superintendent of schools and two other individuals.

Chairman Howell of the freeholders explains that all action taken by the board at this time is tentative, and that these decisions are made in order that some definite plan may be followed in the drafting of a county charter.

In the event that the board of freeholders should definitely present to the voters of this county a county charter which provides for a chief administrative officer with the administrative powers delegated to him so outlined, and should the voters of the county approve this charter when submitted at the November election, San Mateo county, it was pointed out by leaders in governmental affairs, would be the first county in the state of California to adopt this business type of county governmental work.

Community Sale Days to Be Held July 15th, 16th

Community Sale Days, the two big bargain days of the year for Redwood City shoppers, will be held on Friday and Saturday, July 15 and 16, it was announced following a meeting of the merchants in charge of the event.

This will give every Redwood City merchant a chance to prepare his stock and search the market for especially good values to offer the public for the two days in order to further acquaint the residents with the values and stocks carried by the stores here.

DETAILS OF BANK SETTLEMENT GIVEN

Details of the settlement between the stockholders of the old Bank of Half Moon Bay and the Bank of America over debts of the former bank, which were compromised by A. P. Giannini, head of the banking chain, were learned today.

The exact amount disputed, after settlement of other old debts, was $32,000. Stockholders of the old bank, who stood good for the outstanding obligations when they sold the institution to the banking chain, have agreed to assume a note of $17,000, secured on two parcels of property. They expect this land can be turned into cash in time.

The other $15,000 in dispute was settled outright for $3000 cash, which was raised by a handful of the former stockholders.

Settlement of the debt controversy ended a three-day court proceeding before Superior Judge Franklin Swart.

The debts were assumed in 1926 when the Half Moon Bay bank sold to the Bank of Italy.

SKEET FIELD PLAN TO BE DISCUSSED

Definite action on the installation of a skeet field adjoining the sportsmen's clubhouse at the yacht harbor will be taken at a special meeting called for next Tuesday evening at 8 o'clock at the clubhouse, it was decided at the regular business meeting of the Redwood City Sportsmen's Club last night.

O. M. Westward and J. L. Heineman of the Pacific Rod and Gun Club described the San Francisco club's skeet shooting layout, its equipment and operation, in talks before the local sportsmen.

At the suggestion of Pres. George J. Zehender, the matter was tabled last night for consideration at the special meeting.

Announcement was made of plans for an abalone dinner and an entertainment program to be given by the sportsmen next Monday evening at 7 o'clock in the clubhouse. Art Mills is chairman of a committee in charge. The cost will be 50 cents per plate.

Bass Campaign Announced

William J. Graef, secretary of the Redwood City club and a member of the state committee of the Associated Sportsmen of California on striped bass conservation, outlined the steps that are to be taken to remove stripers from the market entirely.

Melvin I. Cronin, author of the striped bass conservation law passed by the last legislature, will be invited to Redwood City at a coming meeting to tell of the new bill that is being prepared.

Under the present law, commercial fishermen are allowed to net shad in closed districts and are also allowed to keep striped bass they may happen to catch along with the shad. As a result, sportsmen's representatives report, stripers greatly outnumber shad in commercial hauls and the law is without effect. The final step of the sporting anglers will be to have striped bass taken off the market entirely and classified as game fish, along with trout.

Miss Carolyn Rhodes Makes Worldly Debut

Belton Rhodes, the popular and good looking deputy sheriff, is rejoicing over the addition to his family of a winsome baby girl, who arrived all the way from babyland last Friday morning. The little miss has been named Carolyn.

SEQUOIA BUDGET IS CUT SUBSTANTIALLY BY PRINCIPAL, BOARD

The new budget adopted by the trustees of Sequoia Union High School, provides $208,658.50 for the school year of 1932-33, approximately $22,000 less than last year, when the figure was $230,146.

This saving was made despite the fact that an increase of 100 in the attendance is anticipated.

Under normal conditions, a budget of $248,000 for the coming year would be likely. In other words, the budget which has just been adopted is approximately $40,000 under what would be spent in normal times.

Savings were made by economies in all departments, a salary cut for teachers, amounting to 7½ per cent, increased teaching loads and restriction of capital expenditures.

Principal A. C. Argo and the trustee, who are James D. Hedge, president; Walter Kellogg, Merritt Hosmer, W. W. Hilton and Charles Merrill, made the economies. Their goal was to save as much money as possible without lowering the standards of the institution.

BUILDING BODY ENDORSES HOME LOAN BANK BILL

SAN MATEO, June 16. — The Building Industries Association of San Mateo county last night endorsed the home loar bank bill companion measure of the recon struction finance corporation act, now before congress, at a dinner meeting here.

S. E. Briggs of Redwood City, president presided.

Speakers included Orman Lutz, who spoke on method of registering carpenters; J. Lester Miller, and L. C. Rossi, both of San Jose, who spoke on the benefits of the Santa Clara building trades organization, and George Williams, Burlingame contractor.

VETERANS' GROUPS PROTEST INCLUSION OF PAUPER CLAUSE

Telegrams were dispatched today to Senators Hiram Johnson and Samuel Shortridge and to Congressman A. M. Free in Washington by Capt. H. J. Reilly Camp, No. 14, United Spanish War Veterans, and Matalan Post, Veterans of Foreign Wars of San Mateo, Burlingame and Hillsborough, protesting inclusion of the pauper clause in veterans' legislation now pending in the United States Senate.

This pauper clause was eliminated in the house through the efforts of Congressman Joe Crail of Los Angeles.

Decision to send the telegrams was reached at a joint meeting of the two veteran organizations last night in the Redwood City Civic Auditorium.

The text of the telegrams follow:

"Members of Reilly Camp, United Spanish War Veterans of Redwood City, and Matalan Post, Veterans of Foreign Wars of San Mateo, Burlingame and Hillsborough, vehemently protest action of the senate appropriation committee's favorable report on proposed law providing for reduction of veterans' benefits. We consider this astonishing proposal the most nefarious ever submitted to an intelligent congress and an insult to every patriotic American citizen.

"If enacted into law, it will work hardship on thousands of men to whom our government owes its very existence. Could you but hear expressions of indignation being uttered by veterans and non-veterans throughout the country, we feel you would use every effort to defeat this proposed measure or have it referred to special committee for full and fair hearing. Please wire your views.

The picnic, which is usually held in April, is an annual affair, and a program of games and entertainment is planned by the lodge for the day. E. L. Conwell is chairman of a committee in charge. Coffee will be served at the grounds, but basket luncheons are to be taken.

San Carlos P.-T. A. Gives Party For School Graduates

SAN CARLOS, June 16.—With the 22 graduates of the San Carlos school, the trustees, and members of the faculty as guests, the San Carlos Parent-Teacher Association gave its annual party in the school auditorium Saturday. Short talks were given by Byron W. Case, school principal, and by Grenville Overton. Mrs. Fred T. Odgers, Mrs. John W. Bryan, Mrs. Edward R. Burton and Mrs. Sterling Price were in charge.

Fred Odgers, son of Mr. and Mrs. F. T. Odgers, who has been confined to his home for the past week by an injury received at a baseball game June 5, was able to return to his work at San Luis Obispo Monday morning.

Porter Heflin, who sustained an injury to his ankle at the same game, is convalescent. Father William Moran has recovered from bruises.

Mr. and Mrs. E. H. James left several days ago for Chester where Mr. James has mining interests. They will be away for the summer.

A picnic was held Monday at Portola for the San Carlos school orchestra. Arnold Torres and a group of Parent-Teacher Association members chaperoned the children. Refreshments were provided by the association.

Mr. and Mrs. Frederick Baker have returned after a week at Yosemite valley.

Mr. and Mrs. Thomas Simmie and daughter, Miss Claire Simmie, have opened their San Carlos home for the summer. The Simmies took an apartment in San Francisco while their daughter was attending the State Teachers' College there.

Mr. and Mrs. Lloyd O. Linabury, who have been residing in Devonshire Heights, moved to San Francisco Tuesday. Their son, Phillip, was graduated from the San Carlos school Friday.

Mr. and Mrs. Robert Greenlaw, who were married at the home of Major and Mrs. Leon French May 28, have returned from their wedding trip and are established in their home at San Francisco. Mrs. Greenlaw before her marriage was Miss Marion Hile of San Francisco.

June 29 Date Of Father's Day Program By Lodge

The date for a Father's Day program was set for June 29 by the members of Women of Moose, auxiliary to Redwood City lodge, Loyal Order of Moose, at a meeting Wednesday in Central School. The program will be given at the school under the direction of Mrs. Clifford Marks of Burlingame, and Mrs. Herman J. Phillips.

An invitation was read from the Mooseheart High School at Mooseheart, Ill., headquarters of the Moose, to attend the 14th annual commencement exercises on June 25, when 109 boys and girls will receive diplomas. Each of the graduates is fitted to follow some line of work. Training for a trade is part of the graduating requirements following the idea of Senator James J. Davis of Pennsylvania that "every child is entitled to a high school education and a trade." Senator Davis founded the school in 1913, and the first graduating class, in 1919, was composed of five. Mr. and Mrs. Merton F. Hughes, who are motoring east for the summer, will arrive in Mooseheart before the commencement date.

All Churches To Join In Welcome To Rev. Castledine

Members of all churches in Redwood City and friends of St. Peter's Episcopal Church, will gather at the parish house on Clinton street here tonight at 8 o'clock to join in welcoming the new resident rector, the Rev. Edwin Castledine, Mrs. Castledine, and their daughter, Miss Joan Castledine, who have come from San Francisco.

The reception is arranged by St. Mary's Guild, and decoration of the parish house and preparation of refreshments are being completed.

The resident rectorship is the first in Redwood City in four years and a definite program of development is planned by the Rev. Mr. Castledine in building the Episcopal parish. He will give his first sermon at the morning services Sunday.

Go To Bolinas For Vacation

The Misses Mary and Ruth Myers, daughters of Mr. and Mrs. B. E. Myers, have gone to Bolinas, where they will spend the school vacation with their aunts, Mrs. James Wilkins, and Miss Bess Wilkins.

City Budget Hits 'Rock Bottom' In Many Departments; Questions Relative To Taxes Are Answered

(Continued from Page 1)

posal to reduce values, saying the council had adopted a policy of higher assessments and lower taxes.

Councilman Robert N. Jones asked why governmental costs in Burlingame were lower than here, and why assessed values were less. This was answered by Rolison in a statement that Redwood City's area was greater than Burlingame's; that it had a great many more miles of streets and these of a poorer grade in some instances, and that the cost of upkeep was higher.

The city manager granted that Burlingame's assessed values were less, but said he was prepared to argue in favor of higher values and lower taxes. The assessed values are Burlingame, $11,061,020; Redwood City, $13,562,588, and the rates, Burlingame, $1.57; Redwood City, $1.30. (New rate, $1.15 here, with a prospect of no tax decrease in Burlingame).

Why, if capital expenditures this year are far below those for last year, was the city rate not reduced more than 15 cents, was answered by Rolison as follows:

It is to be noted that capital expenditures as proposed in the 1932-33 budget totaled the sum of $12,590 as compared with the sum of approximately $47,000 contained in the 1931-32 budget, which in theory would indicate that taxes could be reduced equivalent to this amount.

However, as two unusual items of revenue were available for use in the 1931-32 budget consisting of a transfer of bond surplus in the amount of $4,377.50 totaling a sum of $13,721, which revenue will not be available in the 1932-33 budget, it naturally follows that for comparative purposes this sum must be deducted leaving the net amount of $20,689, which should be reflected in the tax rate.

This has actually been accomplished in the proposed budget by a reduction of 15 cents in the general tax levy together with the reduction in valuations of Main street and Broadway property in the amount of $206,486 making a total estimated tax reduction proposed in the 1932-33 budget as follows:

Fifteen cents reduction applied to $12,500,000 (estimated) valuation for budget purposes	$18,750
One dollar and fifteen-cent rate applied to reduction of $206,486 reduction of Main street and Broadway property	2,095
Estimated—Tax Reduction.	$20,845

In the tentative budget, the council found that an allowance was made for 10 per cent delinquencies this year compared to 4 per cent a year ago. This allowance represents $10,000 more which must be raised to make sure that the city will collect sufficient revenue to operate, which is equivalent to 8 cents on the tax rate.

This 8 cents, which in normal times would not be needed, added to 15 cents, would mean a 23-cent cut in taxes.

Fire Chief Mark E. Ryan was the first departmental head called before the board Wednesday. The fire department budget is $19,057.91 for this year, a decrease of $5,396.04. The departmental budget includes a $2400 item for fire chief's salary, which was not provided a year ago.

Police Judge Edward McAuliffe was next called and his $1722 budget was approved.

Nelle Miramontes, city collector, with a budget of $8097.40, a decrease of $92.60; George Hopkins, park superintendent, with a budget of $5300, or $1760 off last year's; Police Chief Collins with a budget of $23,250, or $16,460 less than last year, and City Engineer Charles L. Dimmitt with an engineering budget of $2100, $900 off; a sewer budget of $3500, and a corporation yard budget of $3515; I. C. Drathman, public health officer and building inspector, with a budget of $3125, $75 off, were others interviewed by the council.

A public meeting on the budget will be held July 13.

Engagement Of Miss Shine Is Announced

The engagement of Miss Alberta Shine of Woodside and Mr. Wrex Cruse of San Francisco has been announced and the wedding date set for Sunday, June 26. The ceremony will be performed in Our Lady of Mount Carmel Church.

Miss Shine is the daughter of Mr. and Mrs. George Shine, whose families are among the pioneers of Woodside and the peninsula.

Club To Meet On June 22

The next meeting of the Dumbarton Oaks Club will be at the home of Mrs. R. C. Stahl June 22. Mrs. A. P. Hanson was hostess at the last meeting when Dutch whist was played and tea served. Successful score holders at that time were Mrs. E. C. Ottsman and Mrs. A. D. Yost. Present, besides these, were Mesdames C. E. Schaffer, R. Stahl, L. G. Meyer, Ben Rice, H. C. Doelger, W. H. Haugham, H. C. King and Mrs. M. C. Olson and Mrs. Sadie Tuxford, who were guests of the club.

Daily per capita consumption of meat in the United States is one-third of a pound.

HOOVER AT THE HELM

By Rev. W. W. Riley

Our ship sails proudly on her way,
Fierce storms sweep every sea.
Dark fog shuts out the light of day,
Ahead calamity!
The starry flag flies from her mast.
God bless her steady keel.
Whose hand was stronger in the past
Than Hoover's at the wheel?

CHORUS:
We're on the ship, the grand old ship,
That none can overwhelm;
We're going with her into port,
With Hoover at the helm.

The raging storms the ship have scarred,
The hope of human weal,
The greatest ship afloat, tho marred,
Her hull is tempered steel.
The navigator of these seas
Performs his task with zeal.
She rides the storm with stately ease,
For Hoover's at the wheel.

CHORUS:
We're on the ship, the grand old ship,
That none can overwhelm;
We're going with her into port,
With Hoover at the helm.

HOOVER'S LEADERSHIP NEEDED BY COUNTRY IN THESE TIMES

The nomination of Herbert Hoover at the Chicago convention yesterday, without opposition, is a deserved tribute to the great leader who is doing all that a human being can do to lead the nation out of the depression that has overspread the world.

The nomination means his election in November. The people can feel safe with Hoover at the helm. He will guide the ship of state into a safe harbor of peace and plenty.

The re-election of Herbert Hoover for a second term as President of the United States is the demand of the hour until it is accomplished.

We must see that it is met. We must come face to face with reality. The responsibility is laid on each one of us. It is at the door.

There is not a home in the wide land of the United States over which the shadow of change and changing times has not been cast; not a home in which the chatter of mere politics must not be as sounding brass and tinkling cymbals. We must have done with its racket. We have men's work before us.

Elect Hoover and everything will right itself. Hoover has the experience of four years in the White House. Why change now and lose this store of knowledge gained by Mr. Hoover during trying times?

Sporting Personages Described By Editor

Personalities of the sporting world, particularly those of the prize ring, were described by Harry B. Smith, sports editor of the Chronicle, in a talk at the dinner meeting of the Redwood City Exchange Club, which was held in the Woodside Inn, Woodside, last Tuesday night.

There has been a tendency to over-emphasize sports, in the opinion of the speaker, and he believes the peak has been reached. At the present time, men and women are thinking of other things of a more serious nature, and in consequence the gate receipts are falling off. Only two coast league baseball teams are paying expenses—Los Angeles and Portland, it was stated.

Joe Gans, colored fighter, was praised by Smith as one of the best scrappers he ever saw. Dempsey is "through," but still draws crowds in exhibition bouts. Tunney, he said, undoubtedly wanted to be popular, but didn't have the ability to make friends, as did Dempsey.

Jack Fox was chairman of the evening. Pres. Al Davis presided.

The club's annual water carnival will be at Sequoia high school pool July 19.

Judge Spence Files Nomination Papers

Nomination papers of Homer R. Spence for re-election as associate justice of the District Court of Appeal, First Appellate District, Division Two, were filed with County Clerk Elmore B. Hinman today.

Spence is sponsored by Hall C. Ross, Charles N. Kirkbride, John W. Coleberd and Charles A. Shurtleff, well-known peninsula attorneys.

Attorney Lee T. Ross is his verification deputy.

REDWOOD CITY LIONS SELECT NEW OFFICERS

Election of officers to govern the Redwood City Lions Club during the coming year was held at a business meeting of the organization in the Emerald Lake Golf Club Tuesday night. Pres. Thos. W. Cutting presided.

The new officers are: president, Dr. August J. Fromm; first vice-president, Eugene Cerqui; second vice-president, George A. McQueen; secretary-treasurer, Louis W. Jenkins Jr.; tailtwister, Raymond Von Savoye; directors, William B. Curran and Fred W. Duttweiler. The immediate past president, Thomas Cutting, automatically becomes a member of the board of directors. A ladies' night and installation ceremony will be held in July.

William B. Curran, president of the Peninsula Council of Lions Clubs, announced a council meeting to be held at the Emerald Lake Golf Club Tuesday, June 28, at which time Redwood City will entertain more than 200 members of Lions clubs from San Jose, Sunnyvale, Palo Alto, Half Moon Bay, San Mateo and Burlingame.

Harold Kjaerbye of Redwood City was introduced as a new member of the club.

It was announced that William Curran and George McQueen will be presented with honorary keys for special services rendered the club during the past year.

Charles Douglas, chairman of next Tuesday's meeting of the club, announced a program of entertainment. Guest privileges will be allowed at this meeting.

PETITION FOR LETTERS

Petition for letters of administration in the estate of Joseph J. Allen, who died October 4, 1931, was filed today by Dr. J. C. McGovern, public administrator, with County Clerk Elmore B. Hinman. The estate will go to his widow, Mrs. Daisy E. Allen, 312 Grand avenue, South San Francisco.

Menlo Park

Only routine business was transacted at the meeting of the city council Tuesday evening. Anderson was the only member of the council absent.

In a communication to the council the Menlo Park Sanitary Board announced that the city hall chamber would not be needed for meetings after June 30.

Bids for auditing the books of the city government for the fiscal year ending June 30 were received as follows:

MacEachen and MacIntyre, $200; Bernard Walters, $90; Lawrence Schudder and Co., $90. The estimates were filed for future reference.

C. L. Dyer resigned as a member of the police department giving several reasons for so doing. He declared he could not support his family on two days a week allowed him by the council; that one of the young men of the force was retained while he had the seniority. The resignation was accepted and the usual resolution confirming same was adopted.

Ordinance No. 59 repealing the ordinance prohibiting the sale of fire crackers within the city limits was adopted. It takes effect immediately. Under the new law merchants may sell fireworks and the same may be exploded in town during the Fourth of July holiday.

W. J. Bettencourt was appointed a member of the police force to take the place of C. L. Dyer, resigned.

The council adjourns to June 21.

The Blue Moon Dance Hall will close its doors after the dance on Saturday night, June 25. The management is seeking a hall in Redwood City to continue the dancing. This announcement was made recently by the manager. Lately the dance has been drawing large crowds, but the expenses in conducting it does not warrant a continuance of the business.

William Haines, the local automobile tire man, has been sued for damages in the sum of $30,575 by Russell Wilson of Palo Alto for the death of his wife who was killed in an automobile accident at San Jose last April. Haines was driving the car that collided with the Wilson machine. James T. O'Keefe is the attorney for Haines.

Two Menlo Park youths graduated recently from Bellarmine College Preparatory School at Santa Clara. They are Joseph A. Sullivan and Sergius Bryner.

Menlo Parlor N. D. G. W. celebrated the fifteenth anniversary of its organization Monday night by giving an Italian dinner to the members. Four charter members were present including Mrs. Adelaide Blanchard, one of the oldest native daughters in the state, whose grandparents were connected with the Santa Clara Mission.

The Menlo Circus Club has just finished the construction of a large swimming pool, the finest on the peninsula. Last Sunday it was opened with appropriate ceremony. Many of the leading swimmers of the coast were present to test the diving boards and the pool in general. It is to be a big attraction to the club, which is considered quite exclusive and possesses a large membership.

Roland Midgley has just completed the construction of a cozy cottage in Stanford Park. Mr. Midgley and his charming wife, who are living at Redwood City, will move into the new dwelling next week.

Mrs. Catherine Derry and Mrs. Frances Maloney, delegates to the grand parlor of Native Daughters, will depart on the 20th of June for Merced where the meeting is to take place. Mrs. Carl Lindquist, local warbler, will accompany them to the convention. She is to take part in the musical program to be rendered at the grand parlor.

On Friday evening, June 24, the local post of the American Legion and the auxiliary will sponsor a card party in the grammar school auditorium. Attractive prizes are to be awarded the winners of the game.

A feeler on the proposed "unemployment dog track" for Menlo Park was put out by Victor A. Dupont, local barber who has sought to promote the project, before last night's city council meeting here.

Dupont talked informally with members of the council, but made no further formal application for a permit to build or operate a track. The dog track proposal was denied by the council when it was first suggested several months ago.

The resignation of Clarence L. Dyer as relief police officer was accepted by the board. In his letter to the council, Dyer declared that he was resigning because it would be impossible to care for his family on two days' work a week and because a "younger officer in seniority" had been retained as a regular officer with a cut in salary, while his own status had been changed from a regular officer at $150 a month to a relief officer at $40 a month. W. J. Belcourt was appointed to his place.

The ordinance prohibiting the sale and use of fireworks was repealed on the final reading of a new ordinance.

Three firms entered bids to audit the city's books for the past fiscal year. One bid for $200, and two were for $90.

In a communication to the council the Menlo Park Sanitary District Board announced it would not use the city hall after June 30.

DOGS ARE NOW PERMITTED TO SEE YOSEMITE

YOSEMITE, June 15.—Dogs are permitted to enter the Mariposa grove of Big Trees this year if kept within cars and out the same day, according to report issued by Superintendent C. G. Thomson This ruling is a result of inconvenience in the past caused by the lack of facilities for caring for dogs within a reasonable distance of the park, and will enable more visitors to enjoy their trip to the Big Trees.

Kiwanis Club Hears Cruise Description

Hall C. Ross, in a talk describing his recent Mediterranean cruise, was the speaker on a program given at the noon meeting of the Kiwanis Club Wednesday in Hotel Sequoia at which Henry Beeger was chairman.

Gifts of appreciation from the club were presented by Mark Ryan to Z. T. Thorning, Carl Stoner, and Daniel R. Stafford in recognition of their community work.

Scott Hendricks, candidate for congress from the eighth district, was a guest of the club.

Woodside

Pasquale Garguilo is building an addition to his home ou;t of the "new" areated cement blocks about which much has recently been written in the magazines. The word "new" is a mis-nomer, however, as this type of construction has been in vogue in southern Italy for 3000 years. Over half of the ancient buildings uncovered at Pompeii were built of the same type of blocks. They will float in water, are waterproof and fire-proof and are so thoroughly insulated by the mass of tiny air cells by which it is filled that in a certified engineering test, when a blow torch generating 1800 degrees of heat was held against a block four inches thick for four hours, the maximum temperature of the other face of the block was 139 degrees.

Rupert Bradley came down from Lake Tahoe last week on a visit to his mother here but has returned to the lake for the season.

Visiting at the home of Mr. and Mrs. H. A. Welch over the past week-end and attending the Menlo Park Country Club program were Mr. and Mrs. Edward O. Pringle, Mr. and Mrs. John Summers, Dr. and Mrs. Franklin Rohner, and John Boyden.

The result of the baseball game at Woodside Field, Sunday, June 12, was Woodside Firemen, 5; Parkside Merchants, 3. Batteries for the Woodside organization were Hallett and O'Niel—for the Parkside Merchants, Moyle and Anderson. Hallett struck out 12 men—Moyle 2. Mangant and Shine proved the heavy hitters of the day with 3 each.

The Portola Social Club will give a dance Saturday night, June 18, from 8:30 to 1 a. m. Good music is assured and a special door prize consisting of a set of dishes will prove an additional enticement.

Alfred Winter Files In Supervisor Race

Three hats were in the ring in the supervisorial contest in Third Township today as the result of the filing of the candidacy papers of Alfred Winter, Ravenswood contractor.

It was announced some weeks ago that Winter would be a candidate, but to date he has not issued a formal declaration.

Winter will oppose John W. Poole of Redwood City, the incumbent supervisor, and Willis G. Frost, civil engineer, also of Redwood City.

Among Winter's sponsors are William H. Parsons, F. D. Hollister, K. R. Studley, P. R. Taylor, John Stangl, L. B. Wickersheim and others.

Elopers Sought By San Mateo Sheriff

Accused of running way with another man's wife and with taking $210 from a strong box, Gustave Nygren, 26, believed headed for Nevada, was being sought today by Sheriff James J. McGrath.

K. G. Singer, 7201 Mission road, Daly City, the complainant, says Nygren ran off with his wife, Gladys, 22.

"Is the Universe, including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon Sunday, June 19, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "Lord, thou hast been our dwelling place in all generations. Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God" (Ps. 90:1,2).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The true theory of the universe, including man, is not in material history but in spiritual development. Inspired thought relinquishes a material, sensual, and mortal theory of the universe, and adopts the spiritual and immortal" (p. 547).

Your dollar is worth 30% more today

Today's dollar will buy about as much as $1.30 would have bought in 1929. Hence, the money earned by 3½ per cent interest we pay on savings accounts buys as much as the money earned by 5.2 per cent interest would have bought three years ago.

Can you point to any other investment which has increased more in value during the past three years than a savings account?

The usual July interest dividend will be credited to savings accounts July 1. Savings depositors are invited to bring in their pass books and have their interest entered.

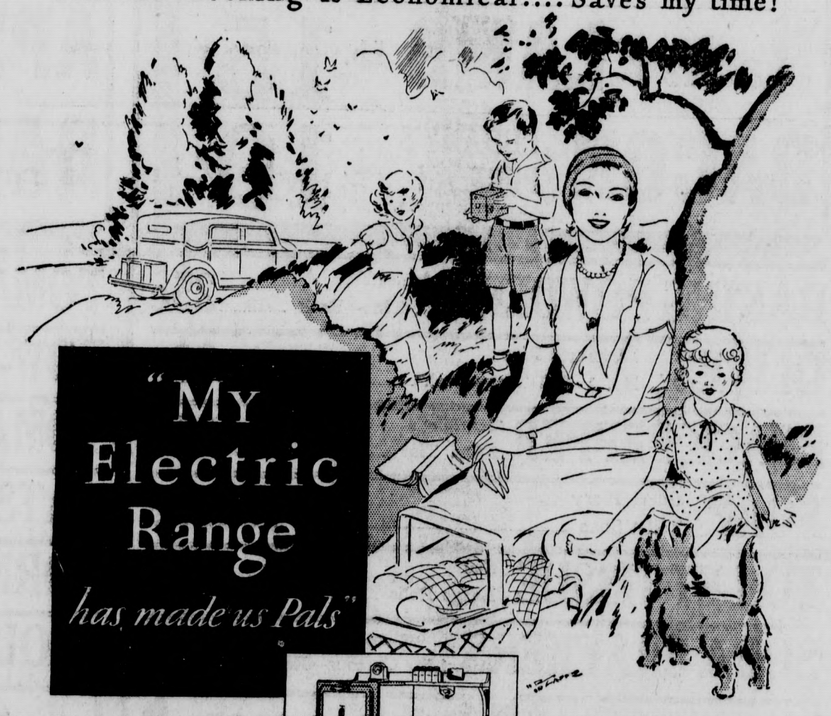
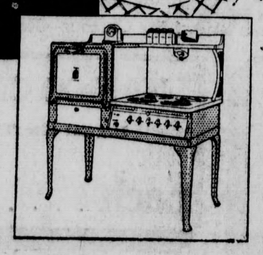
Electric Cooking is Economical.... Saves my time!



"My Electric Range has made us Pals"



Out picnicking—being a pal with her children while school vacations are on and sunny days entice little play-trips to Nowhere—she is confident dinner will be ready, perfectly cooked in her electric range when she gets home.

Such an incident is a common pleasure for the more than 210,000 California women who cook with electricity.

The evening meal placed in the oven of an electric range in the morning receives perfect chef-cooking when a clock turns on the current and thermostats regulate cooking temperatures.

Meats acquire charcoal-grill brownness without basting; tender and juicy with sealed-in flavor. Vegetables retain minerals important to health because so little water is needed. Pet recipes for favorite desserts become time-after-time successes. Truly nothing finer has ever been created for cooking than the modern automatic electric range.

You can afford to cook this modern way. One of these speedy new electric ranges costs no more than any other good range. And cooking costs average but one cent a meal per person.

See the beautiful new electric ranges. Come into our office or your electric dealer's store. Take advantage of the Special Offer, which includes easy terms.

Sullivan Seeks Senate Seat

Daniel E. Sullivan, a resident of Menlo Park for several years, yesterday announced his candidacy for state senator for this district. He seeks the Republican nomination.

Mr. Sullivan is a lawyer and college professor. For eight years he has been a resident of the county, much of this time having been passed in the third township. For a number of years he has been professor of homoletics at St. Patrick's Seminary. When he came to the state from the East he secured a professorship at Santa Clara University.

Mr. Sullivan practiced law in Massachusetts, Utah and California with success. He left a lucrative business to enter the late war. He is an officer of Menlo Post, American Legion. He takes a lively interest in the organization.

Mr. Sullivan received his bachelor of arts degree at the University of Notre Dame, Indiana, where he taught for four years, and his masters degree from the University of Boston. Mr. Sullivan has also established a reputation as a dramatist.

Should he be elected he will make a capable and worthy representative of San Mateo county at Sacramento. Mr. Sullivan has numerous friends who are going to give him earnest support in the forthcoming election.

OFFICER SHOT

(Continued from Page One)

was not known that the men had engaged in a gun battle. They found the door locked, peered through the window, and saw Strandquist slumped over, breathing his last.

Crashing through the French door, Chief Collins sought to obtain a dying statement from Strandquist. But the man could only mumble and groan, speaking apparently in his native tongue as well as English. A few minutes later he was dead.

Fitzgerald was rushed to Mills Memorial Hospital, San Mateo, where consultation was held over his condition. It was decided by Drs. Mason and Monteith to take him into San Francisco and word was sent ahead to get Drs. Rhodes and Butler, who handle the police emergency cases in the metropolis and who only a few days ago had two wounded policemen to care for, to prepare for an emergency operation.

Fitzgerald was hastily transferred to the San Francisco City and County Hospital, and almost immediately was again rushed into an ambulance and taken to St. Mary's, where he was operated on at 1 o'clock.

Chief Collins and Police Sergt. Wood accompanied the ambulance into San Francisco and remained at the bedside until 4 o'clock this morning. Fitzgerald, regaining consciousness, recognized them after the operation.

Fitzgerald, who has a wife, May, and young son, Richard, joined the police force June 1, 1928.

Strandquist was a native of Sweden.

Road Claims Swamp County Supervisors

With perhaps the largest pile of claims before them in the county's history, the supervisors Monday found themselves confronted with the problem of paying approximately $14,000 of debts with but $8,412 in the special road fund.

It will therefore be necessary to transfer some of the debts to the district funds of the board members, which now total $30,000.

Dr. Milliken Passes Away At Woodland

There passed away at Woodland, Calif., last Saturday, Dr. Albert Milliken, a former resident of Redwood City. Though born at Half Moon Bay his youth was passed in this city.

The doctor after graduating from a medical school in San Francisco began practice in Susanville, Lassen county, and built up a lucrative business. Some years ago, seeking a larger field, he came to San Francisco to practice his profession but remained there only a short time when he went to Woodland where he met with almost instant success.

Doctor Milliken is survived by a brother, Dr. George Milliken, a dentist at Wheatland. The later for some time practiced in Redwood City.

Doctor A. Milliken, father of the deceased, was at one time a noted physician in Redwood City. The doctor came to Half Moon Bay in the seventies to practice. It is there that both his sons were born. Later the doctor opened an office in Redwood City and soon acquired a large practice. In the fall of that year an epidemic of typhoid fever set in, causing much alarm among the citizens and taking a toll of several residents. Dr. Milliken made a study of the disease and was soon able to control the ravages of the dreaded disease. It is said that after he had mastered the malady he never lost a case in years.

The doctor left here in the eighties to practice in many places in the state. He died a few years ago at the age of 84.

Doctor Milliken was accounted one of the most skillful physicians of his day. His son, too, was considered a capable doctor.

YORK MUSIC HOUSE IN NEW QUARTERS

Announcement of the formal opening of the York Music House at 2618 Broadway, Redwood City, was made Tuesday by Shelby York, proprietor.

Reid Hoover is manager of the new store, which deals in pianos, electric refrigeration, radios and musical supplies. Hoover comes to Redwood City from Santa Rosa, where he was manager for Sherman Clay & Co.

Mr. York also operates a store in Palo Alto.

Schoolgirl's Death Declared Accidental

A verdict of accidental death was returned by a coroner's jury at Redwood City Tuesday at an inquest into the death of Doris O. Clayton, 17-year-old Pescadero high school girl who lost her life when the roadster in which she was riding overturned near Pescadero June 6. Death was due to a crushed skull, the jury found.

Death Of Lincoln's Surgeon Recalls Tragedy To Belmont Man, Who Saw It

Dr. Charles A. Leale, 90, one of the surgeons called to the bedside of Pres. Abraham Lincoln after the latter was shot in Ford's Theater, died in New York Monday.

Among the thousands who read this item in the newspapers, none was more interested than Dan Harrison, of Belmont, who says he saw Lincoln die.

Soldier in the Civil War . . . General Grant's special messenger . . . guard at the door inside the room where Lincoln died . . . outlaw with the James gang . . . a fighter in five wars . . . architect and engineer . . . these are a few of the things which Harrison tells about in recounting the 81 years which have elapsed since he was born.

Harrison does not look his age by a dozen years, or better. Here's his amazing story, in brief, as he gave it to the reporter:

He was born in Gettysburg, Pa., January 2, 1851. At the age of 14 he was large and shrewd for his years, and became a Union soldier.

His alertness, he declares, won the attention of Grant, who eventually made him a special messenger, in which capacity he often visited the White House. His duties brought him in contact with Lincoln upon numerous occasions. He also saw Mrs. Lincoln a number of times, and heard her, he says, urge the president to attend Ford's Theater two days before the assassination. Lincoln did not want to go but did so largely to please his wife.

Young Harrison, although still in uniform, was selling papers in front of Ford's Theater the night of April 14, 1865. He says he saw Booth, the actor, enter the front door, but was, of course, not aware of the assassin's purpose. A little later, he saw Booth and an unidentified companion ride hastily away on horseback.

Then people rushed from the theater, and Harrison learned what had happened. Lincoln was carried to a house across the street. Harrison followed, and was stationed as a guard at the door of the deathroom by Capt. John Blaisdell.

The young soldier stood at his post until the following morning, when Lincoln died.

"He never regained consciousness," said Mr. Harrison. "Once or twice he seemed to be attempting to speak, and once he turned on his side. His wife was present, and her grief cannot be described."

Mr. Harrison does not believe that Booth was ever trapped.

Harrison came to California in 1867. From that date to this, he states, he has been involved in countless exploits which took him around the world eight times, and to 44 countries. He was a member of the Jesse James gang in the Middle West; fought the British in the Boer War; was a colonel in the Russian army during the Russian-Japanese war; and fought in the Spanish-American war. In 1914, at Glasgow, Scotland, he joined the British army, although he was then 63 years of age. He served in both Scottish and English divisions, earned promotion to regimental sergeant-major and retired after four years with the rank of colonel. He was badly wounded by shrapnel and bullets.

But this is not all. In between the larger wars he found time to amuse himself leading rebel soldiers in Central America. Later, he says, President Roosevelt gave him a job helping to build the Panama Canal.

Mr. Harrison is still active. He is architectural superintendent for a Belmont establishment, and has, on the side, an interest in a restaurant there.

FINAL DECREE ENTERED

A final decree of divorce in favor of Harry C. Sampson against Susie Sampson was granted today by Superior Judge Franklin Swart on the ground of willful desertion.

NAME OF WATER CO. IN HILLS CHANGED

Name of the water company serving the Emerald Lake hills was changed from the C. H. Holt Realty Company to the Emerald Lake Water Company in amended articles of incorporation filed today with County Clerk Elmore B. Hinman by State Secretary Frank C. Jordan.

The change was made by C. H. Holt, president, and J. P. Lavelle, both directors, at a meeting held in San Francisco June 8, and was later approved by stockholders representing 1265 shares.

Holt has before the state railroad commission an application for an emergency increase in rates.

MANSLAUGHTER EVIDENCE HELD INSUFFICIENT

That there was not sufficient evidence to justify filing a manslaughter charge in the death of John F. Shermantine, who was struck by an automobile in a hit-run accident in Redwood City the evening of June 8, was recorded in the verdict of a coroner's jury at an inquest Tuesday.

Edward Cullen, driver of the automobile which struck Shermantine, and Bob Alber, who was riding with Cullen, did not testify at the inquest when Coroner J. C. McGovern granted the motion of Joseph Fitzpatrick, counsel for Cullen, to that effect.

Dr. Robert Monteith stated that Shermantine's death was caused by "chronic chole cystitis with generalized arteriosclerosis" after the deceased had been struck by an automobile.

District Attorney Edmund Scott, after cross-examining the witnesses, said that he was satisfied that there was not enough evidence to warrant a charge of manslaughter.

Time of Cullen's trial on the hit-run charge will be set Monday in the court of Police Judge Edward I. McAuliffe.

SAN JOSE MAN BOUND OVER AS DRUNK DRIVER

Edward Schley, 24, San Jose grocery clerk, was held to answer this week by Police Judge Edward McAuliffe on a charge of driving while intoxicated, following his arrest by Redwood City police Monday night.

Schley will be arraigned before Superior Judge Franklin Swart at 1 o'clock tomorrow.

Committee Named For Sciots' Rodeo

Four peninsula men were placed at the head of the grounds committee of the Sciots Sunshine Rodeo to be held at Tanforan Saturday and Sunday, June 25 and 26, for the benefit of the Stanford Convalescent Home at Palo Alto.

Maxwell McNutt, Burlingame, is chairman. His assistants will be Deputy Sheriff C. A. Callaghan, Dr. C. V. Thompson and J. H. Galleher, San Bruno.

Charge Of Driving While Drunk Filed

An information charging Tom Geneck, 49, Palo Alto cook, with drunken driving, was filed today by Deputy District Attorney Harold F. Anderson of District Attorney Edmund Scott's office with County Clerk Elmore B. Hinman here.

Geneck was arrested by Officers Fogarty and Fitzgerald of the Redwood City police force for failing to stop at an intersection sign on Middlefield road, and crossing Jefferson at 40 miles per hour, the officers allege. He is free on $1000 bond bail.

Mildred Choate, Maywood Brockway, Wed At Stanford

A WEDDING service, performed Tuesday at Stanford Memorial Chapel, united Miss Mildred Choate and Mr. Maywood L. Brockway. The marriage was attended only by members of the families and a few friends.

The bride wore an afternoon frock of pale peach color trimmed in green, with a green hat. She carried Cecil Breuner roses and matching accessories. Her sister, Mrs. Hubert O. Ritland, who served as matron of honor, was in a similar type of frock in blue and her hat was of beige. Her flowers were pink roses and delphiniums. Mr. Ritland attended the bridegroom as best man. The bride was given in the service by her father, Mr. C. E. Choate.

Mrs. Brockway is a graduate of San Jose State Teachers' College with the class of '31, and is a member of Tau Gamma sorority. Until her marriage, she belonged to the public school faculty in Pittsburg. Her husband was graduated from Stanford University in 1927. He is the son of Mr. and Mrs. W. A. Brockway of Billings, Mont. Mrs. Brockway's parents, Mr. and Mrs. Choate, are at the family home on Wilson street.

The wedding party attended a breakfast at the Cardinal Hotel.

Mr. and Mrs. Brockway will make their home in San Francisco.

PISTOL THREAT AGAINST WOMAN BRINGS ARREST

Accused of menacing Hazel Corey of San Jose with a gun, Mrs. Rose Coe, 29, of Menlo Park, was arrested at 5:30 o'clock Tuesday night by Constable Jack Grill on a warrant issued by Justice of the Peace Edward McAuliffe. Bail was set at $1,000.

Hearing on the charge was set for June 24 at 1:30 o'clock.

Brisbane's Water System Is Approved

The railroad commission has granted G. G. McDaniel a certificate of public convenience and necessity to operate a public utility water system at Brisbane, San Mateo county. The order of the railroad commission sets up a schedule of rates to be charged consumers.

CURRY DECREE GIVEN

On the ground of non-support, Mrs. Berneita M. Curry today was granted a final decree of divorce against Wesley J. Curry by Superior Judge George H. Buck. She was also awarded custody of the children, Ruth, Robert and Margaret Curry.

Good News for the Sick and Afflicted

For many years Chiropractic has been coming to the front as a reliable health method, but at no time in the past has there been such wonderful progress made as there has been within the last two years.

DR. LABACHOTTE HONORED

Dr. B. J. Palmer, President of the Palmer School of Chiropractic, recently held a post graduate course at Santa Barbara and at that time instructed many of the Chiropractors of California in his latest work. Amongst those who attended was Roy G. Labachotte, D. C. At that time Dr. Palmer publicly declared that there was one man who stood out as an exponent of the latest and most scientific work and that man was Dr. Labachotte, of Redwood City.

CLINICAL WORK VALUABLE

The work of Dr. Labachotte has been good in the past but now it is much improved because of his actual clinical work in Santa Barbara under the careful supervision of Dr. B. J. Palmer, who is known as the greatest Chiropractor that the world has ever known.

NEUROCALOMETER ASSURES ACCURACY

The work of the Chiropractor is now accurate. That accuracy is made possible because the modern Chiropractor uses a very delicate instrument known as a Neurocalometer to detect the most minute nerve pressures. The good results obtained on all kinds of ailments that are taken care of under this modern scientific method is astounding.

NEW METHODS BRING RESULTS

The good results under Chiropractic in the past are nothing as compared with what can now be done with this latest work taught by Dr. B. J. Palmer.

At the present time, Dr. Labachotte is the only Chiropractor in San Mateo County who can render this type of service.
